ASTM 316 Seamless Stainless Steel Pipe Bright Grade 2600mm For Decoration

Our Product Introduction

for more products please visit us on stainless-steelseamlesspipe.com

Basic Information

- Place of Origin: Wenzhou,China
- Brand Name: ZHEHENG STEEL
- Certification: ISO9001,CE BV
- Model Number: ASTM316,ASTM316L
- Minimum Order Quantity: 500 kg
- Price: \$1000-4200/Ton
- Packaging Details: As to clients' requirements Wooden Cases Bundle Packin woven cloth
- Delivery Time: 30-45 work days
- Payment Terms: L/C, T/T, D/P, D/A
- Supply Ability: 1000+

Product Specification

- Term Name: Stainless Steel Pipe
- Material Grade: ASTM316,ASTM316L
- Shape: Curved Pipe,Square Pipe,Rectangular Pipe
- Technique: Cold Rolled,Pickling Bright
- Length: 1200mm Or 16000mm
- Size: As Per Requirement O.D 0.3~2.0mm
- Welding Line Type: Seamless,Welded
- Package: As To Clients' Requirements Woven Cloth Wooden Cases
- Highlight: **Bright Seamless Stainless Steel Pipe, 2600mm Stainless Steel Pipe, ASTM 316 Seamless Steel Pipe**

Product Description

Product Description

Overview:

316L stainless steel can withstand higher temperatures and is suitable for manufacturing parts and devices in high temperature environments.

The thermal expansion coefficient of 316L stainless steel is low, and the deformation is small at high temperature, which can maintain the accuracy and dimensional stability of the parts.

316L stainless steel has high wear resistance and wear resistance, can withstand greater friction and impact, and is suitable for manufacturing parts with greater friction strength.

Specification:

Outside Diameter	OD 0.28-1219mm
Thickness	0.08-100mm
Seamless Stainless Steel Pipes	1/8"NB to 32"NB IN
Production Process	Cold Drawn,Bright Anneal.etc
Type	Seamless,welded
Surface	Pickling,Bright
Price Item	EXW,FOB,CNF,CIF etc
Application	Its main uses are pulp and paper equipment heat exchanger, dyeing equipment, pipelines, coastal area building external materials.
Ends:	Beveled or plain end, square cut, burr free

Stainless Steel Seamless Pipe Chemical Component:

Chemical Composition about stainless steel pipe							
Grade	C ≤	Si ≤	Mn ≤	P ≤	S ≤	Ni ≤	Cr ≤
316	0.08	1	2	0.045	0.03	10.00-14.00	16.00-18.00
316L	0.035	0.75	2	0.045	0.03	10.00-15.00	16.00-18.00

Mechanical Properties:

Grade	Tensile	Yield	%Age	Hardness (Max)	
	Strength Mpa, (Min)	Strength Mpa, (Min)	Elongation in 50mm gauge length min	BHN	Rb

FAQ:

Q: Are you a manufacturer or merely a trader?

A: We are group of companies and owned manufacturer bases and trading company. We specialized in special steel which include alloy structural steel and carbon steel and stainless steel, etc. All material are with high quality and competitive price.

Q: How do you guarantee the quality of your product?

A: Firstly, we can provide the certificates from the third party, such as TUV, CE, if you need. Secondly, we have a complete set of inspection system and every process is checked by QC. Quality is the lifeline of enterprise survival.

Q: Delivery time?

A: We have ready stock for most of material grades in our warehouse. If the material don't have stock, the delivery lead time is about 5-30 days after receiving your prepayment or firm order.

Q: What is the payment term?

A: T/T or L/C.

Q: Can you provide a sample for our testing before confirm the order?

A: Yes. We can provide sample to you for approval before you place an order to us. Free sample is available if we have stock.

Q: Can we visit your company and factory?

A: Yes, warmly welcome! We can book the hotel for you before you come to China and arrange our driver to our airport to pick you up when you come.
