- Length: 2100mm Or 15000mm
- Size: As Per Requirement
- Welding Line Type: Seamless Welded
- Packing: As To Clients' Requirements Waterproof Paper Covered
- Highlight: **Seamless Stainless Steel Truck Exhaust Pipe, 100mm Stainless Steel Exhaust Pipe**

Product Description

Product Description

Overview:

304 stainless steel is the most widely used chromium-nickel stainless steel, as a widely used steel, its metal products high temperature resistance, good processing performance, so widely used in industrial and furniture decoration industry and food and medical industry. Suitable for food processing, storage and transportation. It has good processability and weldability.
