Product Description

Product Description

Overview:

316 stainless steel due to the addition of Mo, so its corrosion resistance, atmospheric corrosion resistance and high temperature strength is particularly good, can be used under harsh conditions; Excellent work hardening (non-magnetic); Excellent high temperature strength, mainly used in seawater equipment, chemicals, dyes, paper, oxalic acid, fertilizer and other production equipment; Photography, food industry, equipment for coastal areas, ropes, CD rods, bolts, nuts.

Specification:

America Standard	S30100,S30200,S30300,S30323,S30400,S30403,S30500,S30900,S30908,S31000,S31008,S31600,S31603,S31635,S31700,S32100
